Dale's Details by NØPEY

I'm willing to bet that our December 3rd Holiday meeting will be everyone's first party this year. As usual, the Club will provide some platters, and the members are asked to bring other goodies as they see fit. Keep the Lutefisk under control please. Bring some guests along, spouses, friends or perspective Ham's are very welcome.

The Auction will be Saturday, January 8th 2011; the flyer is attached with this GW. There will NOT be a regular meeting in January, only the Auction!

The program line up is set for 2011, so watch the website and GW for monthly announcements. Still looking for a speaker for the Banquet later this spring.

Our Technician classes and Circuit Builders group have been progressing nicely this year. Join the fun and build a new project for the shack, or audit a class to see how it works.

The club is still very willing to support a CW class for those interested in improving their skills. Our original group of trainers has run aground it seems and has not been heard from for over a month. In the meantime, both Robbinsdale and Stillwater Clubs have gotten things going. Maybe we can lean on our guys with kindness at the Holiday Party to show them we are still highly interested. Tell them: "build it and they will come" !

Contesters are reminded of the CQ 160 meter contests coming up in Jan. and Feb. with the Mining Club. Spend a night at the shack with us and have some fun.

Hope you all enjoyed your Thanksgiving and have a Happy Holiday Season all around.

Dale, NØPEY, President
